LA-DEL 1977

Delmar High School
Route 4, Paris, Texas

Dedication

The Senior Class of 1977 and members of the 1977 La-Del Yearbook Staff would like to take this opportunity to dedicate this year's annual to Mr. Garland Gray. Mr. Gray has given most of his life to serving the people of the Delmar Community. We feel that it is time that we the Seniors of 1977 take the time so muchly owed to Mr. Gray to honor him with our most prized accomplishment, the 1977 La-Del.

Mr. Gray has served on the Delmar School Board for 12 years. He has served as secretary most of those years. Due to ill health, Mr. Gray resigned in October of 1976. Mr. Gray has served this community for many years with a Produce and Grocery Store. Mr. Gray has also stood behind and upheld the rights of the people in this community.

The time spent in preparing this yearbook can never make up for the time spent by Mr. Gray helping this community. This dedication goes to a man who helped many and asked for nothing in return. This is your annual, Mr. Gray.

Dedication

The Senior Class of 1977 would like to dedicate the 1977 La-Del Yearbook to Mrs. McDonald. This dedication of the yearbook is for recognition and appreciation for the 32 years of service Mrs. McDonald gave to the students of Delmar School. The memory of Mrs. McDonald will long be in the halls of Delmar.

Mrs. McDonald began teaching in 1944. She first taught in Greenville, then moved to what is now Delmar School. Mrs. McDonald originally taught Home Economics. Here at Delmar Mrs. McDonald taught in several areas. Her services are well appreciated by both the student body and the faculty.

As we the Senior Class of 1977 leave Delmar, we leave with the knowledge given to us by Mrs. McDonald. To show our appreciation by giving you this 1977 La-Del Yearbook, we hope that you will remember us as we are sure to remember you.

Day after day youth winds its way - pausing awhile - yet not to stay. Education is giving to the body and the soul all the beauty and pefection of which they are capable. This is the type of education that has its beginning in school and does not terminate until the end of life itself. Life implies finding some added enjoyment and some added cultural refinement through the well-written and well-dedicated works of those who have dedicated their talent to us that we may see that which is beautiful in this world of ours. It is to you our parents and friends to whom we dedicate our future. Our gratitude that comes from our hearts to yours is a great hope for the future of our institution.

Theresa,
 It's really hard to
 believe that school is nearly
 over for us. It's really been a
 lot of fun hasn't it? Theresa,
 you're really a good friend to have.
 I've got memories of us just acting
 silly and having dumb talks about what
 we're scared of, but they are memories I'll
 always remember fondly. I hope that
 just because we go our separate ways
 we never lose touch with each other.
 Good luck in the future and reaching
 your life's goals. (I know you will)

Theresa,

To a girl I really enjoyed playing basketball with. Being a fellow guard we have been through thick and thin and I was glad to have you at my side. I will really miss you next year. We will try to go all the way for you next year.

Remember me as the center guard wearing No. 21, who was usually folding up on running around on the court. Be sure and never forget the royal try we gave it against E. na. I wish you the best of luck in life. I know you will go really far.

Stay the way you are and you will make someone happy someday and you and him will live happily ever after. Anyhow, good luck now and always.

A close

friend,
